

GroFish™

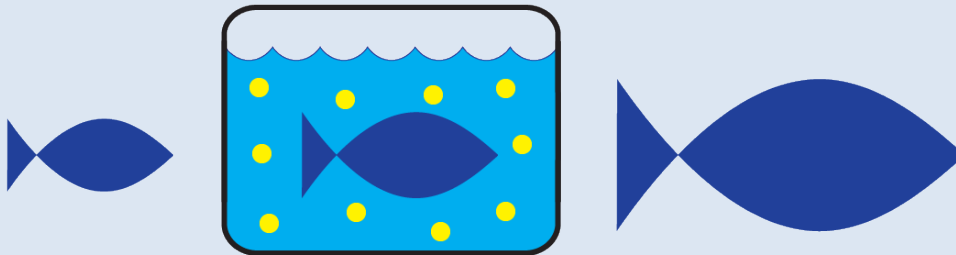

All Natural Treatment for Bigger Fish

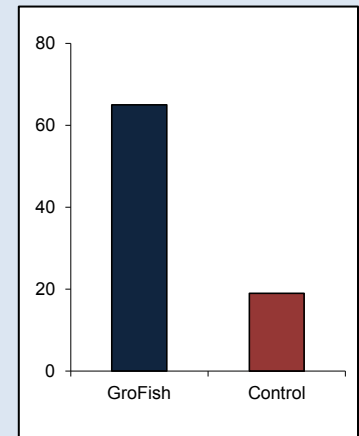

Growth Enhancement in Aquatic Animals

GroFish™ is a chemical-free, all natural organic treatment to grow seafood healthier, larger and faster. GroFish™ technology not only enhances the growth, but also improves the resistance of treated animals against diseases. GroFish™ satisfies the need for an environmental-friendly method to generate a more sustainable food source.

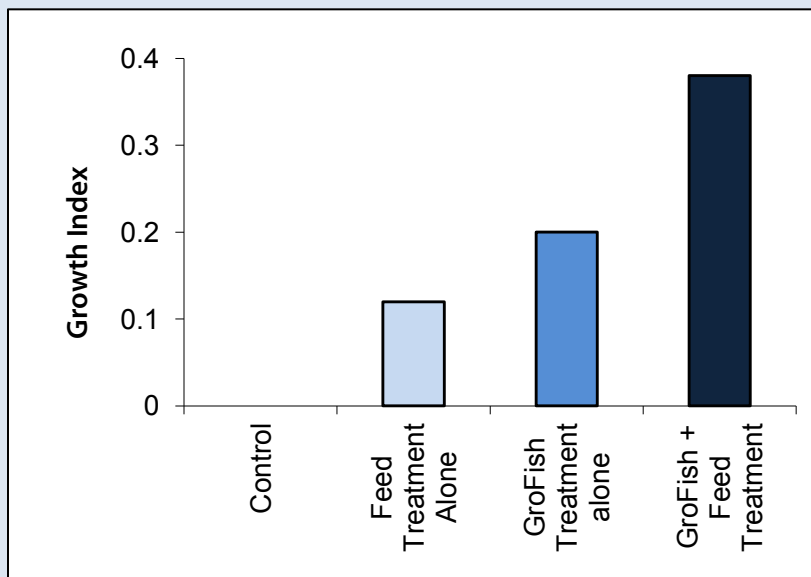

How GroFish™ Works

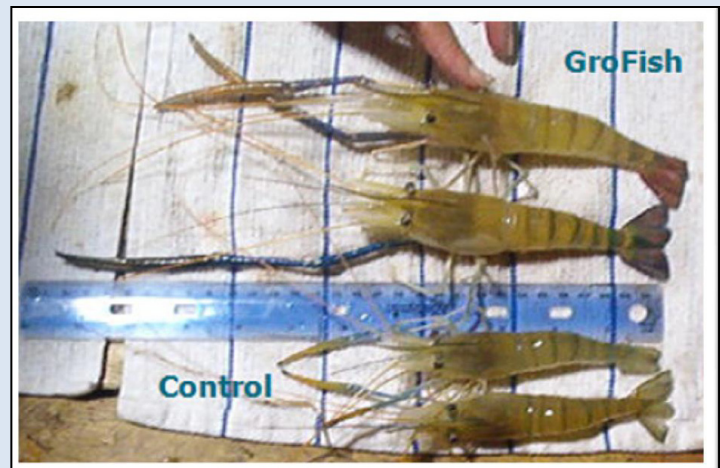

Drastic Increase in Survival

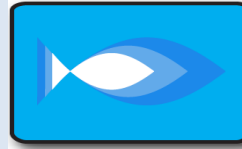

Drastic Growth Using GroFish™

Bigger Shrimp Using GroFish™

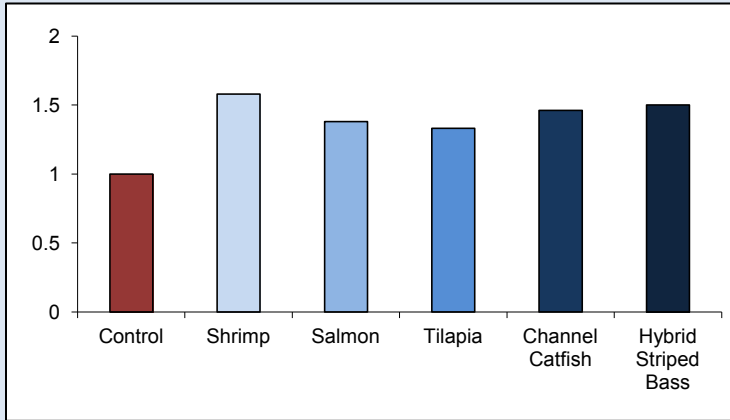

GroFish™

All Natural Treatment for Bigger Fish

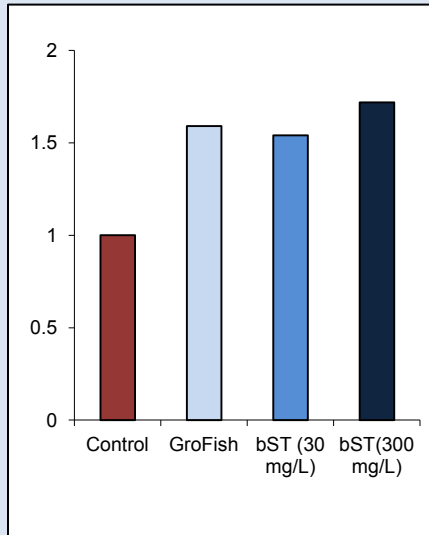

Robust Effect of GroFish™
